

Brief CV

Name/中文姓名	Limei Shen	Gender	female	
Title (Pro./Dr.)	Dr.	Country	China	
University/Department	Department of Refrigeration and Cryogenics, School of Energy & Power Engineering, Huazhong University of Science and Technology			
Personal Web Sites				
Research Area	Thermoelectrics & Thermal management, Pulse magnetic refrigeration, Heat pipe			

Dr. Limei Shen is currently an associate professor at Refrigeration and Cryogenics Department of Energy and Power Engineering School, Huazhong University of Science and Technology, Wuhan, China. She received her Ph.D. from Huazhong University of Science and Technology in 2014. Her research interests are thermoelectric technologies specializing in electronics cooling and energy harvesting, heatpipe technologies and pulse magnetic cooling. Her work focuses on thermo-electric transport mechanism, efficient improvement of thermoelectric modules and systems. She has published close to 60 referred papers in this filed. Her work got the fund supports of Natural Science Foundation of China, Fundamental Research Funds for the Central Universities, State Grid Corporation of China, Midea Corporation, China Shipbuilding Industry Corporation and etc..
