

Brief CV

Name/中文姓名	ZOU Long-sheng/ 邹龙生	Gender	man	
Title (Pro./Dr.)	vice-professor /Doctor	Country	China	
University/Department	Tongji university / School of mechanical engineering			
Research Area	Energy conservation and environmental protection, especially the key technology of thermal treatment of refractory wastewater			
<p>I am a teacher of Guilin university of aerospace technology and engaged in the teaching and research of energy power. In recent years, I have presided over one major special project of Guilin, participated in two natural science funds of Guangxi, and published more than 10 scientific papers. I guided my students to win the third prize in the Guangxi challenge cup competition.</p>
